

## - KID'S MICRO-NANO MANUAL TOOTHBRUSH -

# Game changer!

## Make those little teeth squeaky clean with no gum damage.

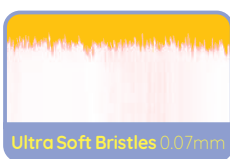

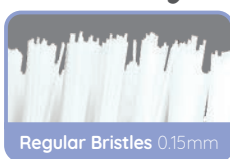

### KEY BENEFITS

- ✓ More than 10,000 soft micro-nano bristles, penetrate the sulcus of the teeth and the gum line, remove the stains without hurting little one's delicate gums.
- ✓ Ergonomically designed heart shape brush head, is more suitable for teeth and makes those hard-to-reach corners easy-to brush.
- ✓ Not only for kids, also perfect for expectant mothers, the elderly, and people who have sensitive teeth and gums.

Enjoy painless brushing  
and keep that tiny smile bright

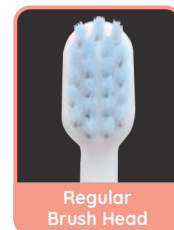

Almost every parent meets resistance from their children at some point when it comes to tooth brushing. EDISONmama's micro-nano toothbrush is super soft and extremely gentle on gums. It will make those morning and evening routines a breeze, and turns tooth brushing with your kids into mini moments of fun.

### Still Use Regular Toothbrush?

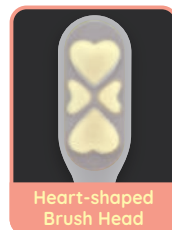

Ultra soft toothbrush with more than 10,000 bristles, fine and soft, gentle on gums, thoughtfully designed for baby teeth.

### Ergonomically Designed Brush Head

Regular  
Brush Head

Heart-shaped  
Brush Head

Ergonomically designed heart shape brush head, is more suitable for teeth and makes those hard-to-reach corners easy-to brush.

### Ultra Fine Toothbrush

### Easy-to-grip Handle

Designed with a handle that fits both adults and babies hands. Help establish good oral hygiene with your baby and have fun doing it!
